

The Adventures Last a Summer,
The Memories Last a Lifetime...

Dear Applicant:

Thank you for your inquiry about our Camp Internship for Leadership Training (CILT) Program. The CILT program provides an opportunity to gain valuable leadership experience through teaching, playing with and learning from children. CILTs are involved in a training program that includes working hand in hand with staff, being evaluated by staff members and receiving feedback from the directors.

Each CILT has the opportunity to work with different camp groups throughout the summer. This allows the CILT to observe and participate in many different styles of group leadership and provides the opportunity to learn about children of different ages. This exposure to children at different developmental levels is critical in providing a well-rounded training program. As the summer progresses, CILTs refine their skills and develop their own styles for working with children.

Camp Kinneret Day Camp is a wonderful place to spend your summer. Being outdoors in a beautiful environment, enjoying old friendships or making new ones, as well as learning and using leadership skills are just a few reasons to be a CILT this summer. If you are someone who is interested in working with children, we encourage you to apply!

The CILT program is a volunteer internship program for individuals entering the 10th, 11th and 12th grades. All applicants must complete an application and participate in an individual interview. The CILTs are our oldest campers in camp. The registration fee for the entire summer is \$50.00. Daily transportation is provided from our designated bus meeting points. There are a limited number of participants accepted into the program. At the end of the summer, an honorarium is awarded to all CILTs who have successfully completed the CILT program.

We look forward to receiving your completed application soon. Once it arrives in our office, we will contact you to arrange an interview time. If you have any questions, please call us.

Sincerely,
